3	All right. We're moving on to the election	3	CHAIRWOMAN HOROVITZ: perhaps we should

Page 9 Page 11 January 30th of 2023. 1 that we wouldn't have another election. 1 2 So that would be before Commissioner Brock's 2 And I do understand, for the record, 3 -- if she's doing the -- actually, I'm not sure 3 but I don't see the record where I voted to make 4 what date Commissioner Brock's meeting minutes are 4 Commissioner Brock secretary. But I don't know 5 5 how we resolved otherwise. 6 6 COMMISSIONER BROCK: September. Commissioner Weatherby. 7 MS. PARDE: Of '23? 7 COMMISSIONER BROCK: You say --8 COMMISSIONER BROCK: Yes. ma'am. 8 COMMISSIONER WEATHERBY: I wasn't here. 9 9 COURT REPORTER: I didn't hear you. September the 25th. 10 MS. PARDE: Okay. So, at that meeting, 10 CHAIRWOMAN HOROVITZ: She was not here. 11 COMMISSIONER REYES: So, through the Chair --11 on January 30th of 2023, that was when they 12 -- when Chairman Walker created the treasurer 12 so this conversation, right, though it's part 13 position. 13 of the broader conversation about the Chair 14 COMMISSIONER REYES: Correct. 14 versus -- the secretary in our bylaws versus 15 MS. PARDE: And that was when he appointed 15 a -- like hiring a secretary for the board, 16 which is a part of our conversation. 16 Commissioner Brock as treasurer, but, if she has 17 meeting minutes from September, those obviously 17 Right? would be more recent. 18 CHAIRWOMAN HOROVITZ: We've had that 18 19 COMMISSIONER REYES: Yeah. I'm actually 19 conversation, but I believe this is completely 20 separate from that. 20 looking at those minutes from January. 21 COMMISSIONER BROCK: Yeah. 21 Page 9. Chairman Walker said, "That's required, 22 CHAIRWOMAN HOROVITZ: I think that we're just 22 but I will leave it up to the working group. 23 talking that -- I do believe we have the 23 And that can explain what I was looking for 24 requirement to have someone in the position of 24 here, Ms. Brock, which is -- as treasurer, 25 I'm looking for somebody to help me understand and 25 secretary. Page 10 Page 12 Is that not what we decided? 1 look at the way we expense funds for the purpose 1 2 COMMISSIONER BROCK: Yes. 2 of our general population." 3 So there was a conversation about that. 3 MR. WILSON: Through the Chair, that is 4 correct. The bylaws require a secretary to head 4 but I think it was left up in the air, 5 if I'm understanding those minutes correctly. 5 the Governance Committee. COMMISSIONER REYES: Right. But part of the 6 MS. PARDE: So, actually, through the Chair 6 7 7 conversation is that we need to update our -- so it actually -- that being on January 30th, bylaws, because the secretary position --8 not the September, but the January 30th --8 9 on that last page, Page 17, that was when they --9 like what's outlined in the bylaws --10 that was making the motion for Mr. Griggs to serve 10 the description for that secretary -- is what 11 11 we're going to, based on the last committee as secretary. 12 And then I believe it was after that --12 meeting that we had, have the CEO work with the 13 administrative manager. 13 or actually before that -- that's when Ms. Brock 14 was appointed treasurer, but, again, that was 14 CHAIRWOMAN HOROVITZ: I believe that's 15 separate. That's the secretary resource for the 15 prior to the September. 16 COMMISSIONER REYES: Okay. All right. 16 board. 17 Like our board governance requires a 17 18 Chair, a Cochair and a secretary. We currently 18 CHAIRWOMAN HOROVITZ: And I think that's 19 don't have a clear secretary, as I understand it. 19 why we continue to have this discussion, 20 I understand that Commissioner Brock feels 20 because it's pretty unclear. 21 21 I don't have minutes where we actually vote differently, and I feel, for the record, 22 there is no harm in having another ... 22 for Commissioner Brock in the role. I only see 23 Because we spent months trying to resolve 23 the minutes where -- and I'm looking at them --24 this, and it's, at this point, become somewhat what we've noted -- Commissioner Griggs. 24 25 of a distraction, in my opinion. So I see no 25 And so, for that point, I don't see any reason

Page 13 Page 15 1 reason why we wouldn't just hold another election time was Chairman Walker, Vice-chair Green and 1 2 and move forward. 2 Secretary Brock is the way I made the motion at 3 Does anyone have a different opinion on that? 3 that time. That's the way I understood it. 4 COMMISSIONER BROCK: Did you -- excuse me, But, if there is any other interpretation, 4 5 Madam Chair. 5 I will yield to that. 6 COMMISSIONER REYES: I mean, not being there Did you review the minutes that I gave you? 6 7 CHAIRWOMAN HOROVITZ: So I see the September 7 and having --8 8 CHAIRWOMAN HOROVITZ: Right. 9 COMMISSIONER BROCK: You say you didn't see 9 COMMISSIONER REYES: -- it's very confusing. 10 yourself voting? 10 CHAIRWOMAN HOROVITZ: It's very confusing. 11 CHAIRWOMAN HOROVITZ: Are we looking at 11 MR. WILSON: Through the Chair, I'm looking 12 September or February, Commissioner? 12 at -- I think, to Commissioner Rogers' point, 13 COMMISSIONER BROCK: September. 13 it looks like -- I see the motion was initially 14 14 The reason the February minutes is on the articulated -- I'm looking at Page -- let's see 15 -- I put the February minutes on the table, 15 16 because Ms. Kort did not -- she -- I guess she 16 And Lawsikia Hodges stated the motion that 17 17 didn't know that Commissioner Rogers was the Chris is the Chair, Green is the Vice-chair 18 Vice-chair for Resident Relations. 18 and Commissioner Brock is your secretary and a 19 19 waiver of the current bylaws and state that the And it's clearly that he volunteered to be 20 the Chair (sic) for Resident Relations, 20 Chair can serve 21 21 So the motion is articulated there for the in February, and so, when she sent us out the 22 information, she left him off as the Vice-chair 22 first time, which does have Commissioner Brock in 23 for Resident Relations. 23 the slate of secretary, and then Commissioner 24 24 COMMISSIONER REYES: Through the Chair to Rogers -- it looks like he makes the motion on 25 Commissioner Brock, so the vote that I see is 25 Page 91, Line 17 through 23. Page 14 Page 16 1 about the two-year -- hold on just a second. 1 And it looks like he's referencing the 2 CHAIRWOMAN HOROVITZ: Commissioner Rogers. slate of officers that Ms. Hodges referenced. 2 3 Sorry. 3 So, as I look at this, I think that the board --COMMISSIONER ROGERS: Sorry. And let me 4 4 then that motion is seconded and approved. 5 apologize for my tardiness, but let me provide 5 So it is not necessarily crystal clear, 6 clarity, as I recall my first meeting. I recall 6 but it may be there in the record for us that 7 7 Commissioner Brock was moved and seconded as that first meeting. 8 8 What we -- because I made the motion that secretary. 9 CHAIRWOMAN HOROVITZ: If OGC is comfortable meeting, and it was based on what, at the time 9 10 with that, I'm comfortable with that. 10 we thought was the current slate, and the current 11 slate was, of course, the Chair, the Vice-chair. 11 It is confusing, because we didn't follow 12 And one of the things I brought up, 12 what I have experienced. But I'm comfortable with 13 13 even at that first meeting, was Commissioner Brock 14 -- being that she was even on our website as being 14 So, does anyone else have any thoughts on 15 the secretary, it was my understanding that she 15 it? 16 was already in that role. 16 (no response) 17 17 COMMISSIONER REYES: No. I'm fine with it, And so it was my interpretation, based on 18 18 that, we were voting on that slate. It was not as well. But, just so -- again, if we're going 19 my understanding that we had a treasurer at that 19 based off our bylaws, it is -- Kort -- and I guess 20 20 this is through the Chair to Kort and Vanessa. 21 21 But, if there is information prior to that Have we had a secretary in the past aside 22 meeting stating a secretary, I'm not aware of 22 from Commissioner Brock so there is already 23 23 some established mechanisms for what's required in that, but what I recall voting on is the current 24 24 the bylaws? slate. 25 25 MS. PARDE: Through the Chair, I'd have to The current slate of officers at that

And we want to sum it all up with the 3 It's more of a factual, you know, gathering 4 head honcho, if you will. 4 exercise. 5 But, for the most part, we try to keep 5 Where, as compared to, if we do a full-blown 6 our activities -- I don't want to say, 6 investigation, we have gone through --7 we typically have gone through all the steps to 7 "clandestine," because that sounds a little bit 8 interview all of the relevant witnesses, 8 too -- quote -- "dagger." But we keep them under because we determine the investigation itself is 9 9 wraps until we get to the point where it's 10 of such a sufficiency that we need to thoroughly 10 actually published. 11 11 review the matter. CHAIRWOMAN HOROVITZ: Because it would become 12 And so, in those cases, we actually have 12 public record --13 already typically formed conclusions and advised 13 MR. So, in other words, there are times when we 9 9 I think we've had a very good relationship 10 10 have completed inquiries or investigations, with JHA. We've had a lot of business over here 11 lately, which is not necessarily a good thing, 11 and they result in a letter back to the agency or 12 12 but I have to say that it's been very back to the department and don't get published in 13 collobrative and very cooperative. 13 a full-blown report on the website. 14 If it's something that's minor and can be 14 There is nothing -- you know, no impediments. 15 15 fixed administratively by the agency, we give them You know, we have a job to do to increase the the opportunity to do that as opposed to putting 16 efficiency of goverment, and that's all we're 16 17 trying to do. 17 it on the website as a full-blown report. 18 CHAIRWOMAN HOROVITZ: Excellent. PARDE: So, through the Chair --12 on Friday I believe May 26th. I'm waiting to 13 so, first of all, since we are a public agency, 13 hear back from them. They had to basically 14 Florida law says that we cannot automatically 14 kick that up to headquarters, and so hopeful 15 withhold a candidate from being offered a position 15 that, given the attrition -- not just as far as 16 the CFO, but the CEO, as well -- that HUD will 16 solely based on their criminal background. 17 There's a seven-year to five-year waiting list. 17 approve that waiver request. 18 18 In the meantime. I did contract with But that is not the case in any of these 19 management positions. That would clearly go into 19 Kubas Keller effective May 17th to step 20 outside of their originally-contracted role 20 that. 21 as the accountant to assist with the day-to-day 21 In the terms of finance, absolutely. 22 operations, and Mr. Anthony Palmer is here with 22 Their credit will be run, because especially if 23 23 us today to present the financials for the month they're -- the credit will automatically be run 24 of May and shore up some of the things that's 24 for anyone hired in the Finance Department. 25 going on. 25 Now the standards for CFO would be much, Page 54 Page 56 much higher, because they are the ones who would 1 1 He's been excellent on the calls with our 2 have control of all of the background. Page 61 Page 63 1 I yield back, Madam Chair. 1 your support and who's helping you with the role 2 2 of COO at this current time? CHAIRWOMAN HOROVITZ: Does anyone else have MS. DUNN: "The senior staff," is the short 3 any questions or comments? 3 COMMISSIONER REYES: Through the Chair 4 4 answer to that question, but, specifically, 5 5 I cannot tell you how -- I'm getting emotional --6 CHAIRWOMAN HOROVITZ: (nodded head 6 how supportive two people on senior staff have 7 7 affirmatively) 8 This was not prepared. I am so sorry. 8 COMMISSIONER REYES: -- so, back to our 9 question regarding whether or not we think we need 9 But Mr. Daniel Mitchell has stepped in and 10 10 additional resources, given Ms. Dunn's just very stepped up in ways I cannot describe on the public 11 clear explanation of her upper management 11 housing side, and Mr. Reynold Peterson, in terms 12 12 positions running double duty to help her fulfill of my coaching and development in the areas of 13 13 development, because I was not a part of those her COO position, I think it would be prudent for us to consider bringing in an interim at this 14 14 meetings. 15 So just really being patient enough to bring 15 16 And this is what concerns me, right --16 me up to speed where I can speak intelligently to 17 some of the business practices that I was not 17 we talked about this -- was the audits from the 18 last time that we had this conversation and the 18 privy to before. 19 Ms. Kort Parde has been amazing, in terms of 19 fact that we've had to request an extension has me 20 20 very worried. just running interference, and just really just 21 21 assisting me in everything. I trust fully that --22 22 And, finally, Ms. Laila Darby. She has been MS. DUNN: That I will say is not unusual. 23 amazing, as far as, you know, stepping into a 23 Based on HUD's guidance, they provided me 24 24 role that she, herself, did not apply to be in, -- I want to say -- nine different templates from 25 as well. 25 other housing authorities that were in the same Page 62 Page 64 1 And I will be remiss if I did not mention 1 situation, where they had unexpected turnover. 2 Ms. Cordelia Parker, and she is our Director of 2 So it is not an unusual ask, because people 3 Resident Services. And the reason why she is 3 come and go. 4 so important is because she is so damn COMMISSIONER REYES: Yeah. I would 4 5 efficient. No problem. 5 absolutely take your word for that, but I think 6 If anything is going right in this agency, 6 you just expressed -- which is amazing. 7 it is Resident Services. Under her leadership, I absolutely love the concept of a team. 7 8 under her sound counsel, her interactions with the 8 I feel like, you know, that really helps the 9 residents -- you can't put a dollar amount to it. 9 culture of the business and management, to have a 10 So those folks have really just rallied. 10 team that's supportive. 11 11 But, having your upper management positions They are pulling double duty in some areas to 12 assist me in those COO areas that I can't 12 running double duty, you know, for your COO 13 necessarily get to. 13 position so that you can kind of be the CEO and 14 Mr. Todd Aubuchon has been especially helpful 14 help turn off all these fires that we're 15 15 with getting out the policies that is primarily experiencing, I think warrants a discussion 16 embedded in the COO position, helping me make sure 16 at least from the board. 17 17 MS. DUNN: I would just like to add, that, you know, the HUD required policies that 18 have to be voted on before this board coming up 18 if I may, that, regardless of what the board's 19 decision is, I will support that. 19 are posted correctly so that we are in compliance 20 so that these policies take effect 10-1 as they're 20 But I do believe, at this juncture, 21 21 it will be more disruptive than anything, supposed to. 22 because I'm going to be honest. If I got to 22 We've been more of a team I can say in the 23 23 train whoever you bring up in here, what's the last 90 days than I experienced in the 24 point? 24 year-and-a-half prior, if that ... 25 COMMISSIONER ROGERS: Thank you. 25 Because now I have three hats. Now I have my

Page 65 Page 67 1 1 COO. Now I'm training somebody that's supposed to people at this table, because this is very, 2 be able to step in and guide this agency, but, 2 very stressful. I'm sure you-all stay up night 3 if they are not familiar with the nuances of the 3 worrying about this, too, and it's unfair. 4 HUD regulations and is an actual practitioner in 4 So we need to have some -- and maybe there is 5 5 this business, then that's going to serve as a no resolution today. But I only raise it, 6 6 disruption, not only for me, but for the staff. because I think we need to talk about it. 7 CHAIRWOMAN HOROVITZ: I feel -- I'm so torn 7 COMMISSIONER REYES: Yeah. I echo your 8 on this, because I feel somewhat responsible, 8 sentiment. 9 9 too. Because we were here. I think we were all Ms. Dunn, please know that this is not a 10 here when we made this decision, and we were 10 personal, you know, situation towards you. 11 11 triaging so many -- we were in this emergency MS. DUNN: Yes. COMMISSIONER REYES: It's simply, having been 12 state. 12 13 And I was very aware that we had so many 13 on the board as Madam Chair has stated -things that we had to just do so quickly, 14 14 I've been on the board since November, 15 and that was an uncomfortable position to be in. 15 and it's just been, you know, back-to-back 16 And I can't thank Ms. Dunn enough for 16 putting out fires. 17 stepping into this role, and, to remind the board 17 And I feel very responsible, because, 18 and anyone who's listening to this meeting, 18 you know, I came in, you know, not knowing enough 19 that was right when we were going through the 19 about the housing authority. I've learned lot. 20 bond deal. 20 You've taught me so much already. So I'm, 21 And Vanessa stepped in and got herself 21 you know, eternally grateful to you. 22 comfortable with that work and took on that 22 I definitely don't want to make your life more 23 responsibility so that deal could close, 23 difficult. 24 and that was just an incredible thing to just 24 So thank you for that input. That's actually 25 jump into and all of the things that have had to 25 very helpful, but I also don't think it's fair to Page 66 Page 68 1 you or your upper management to spread you guys so happen since while also trying to repair 1 2 the relationship with this agency and building 2 3 relationships with community partners. 3 And I think that's what we've been doing, 4 and we are very thankful to you. You know, 4 And I don't know, because we don't have the 5 like I said, this is not anything personal. 5 opportunity to discuss. But, how many people are pulling at each of 6 It's just, as a board, we have a fiduciary duty 6 7 7 to make sure that it's operating as best as it can you for engagement? 8 8 And I know it's -- I get a lot of it. 9 I know Ms. Dunn gets probably twice as much. 9 And I think you're right. We put a Band-Aid 10 10 And so I feel like, on one hand, we put a on it from the beginning, and now we're in the 11 Band-Aid on the ship. But we also are continuing 11 nitty-gritty of it where, you know, the search 12 to throw water into it, because we're trying to 12 is out. We're fully operating. Our committees 13 are running. We've created somewhat of an 13 move forward. 14 And so I don't know what the answer is. 14 efficiency on this board. 15 I feel it's unfair to everyone who has had to 15 And so, I, too, don't know what the answer 16 step into these roles to keep us moving forward. 16 is, but I agree that we can't continue. 17 I almost feel it's cruel that we've created this 17 And I feel like you can't continue like this 18 situation, and I feel responsible for it. either. So I think this is just a conversation 18 19 And I don't know the answer. 19 to be had. 20 And so, if the answer is taking things off CHAIRWOMAN HOROVITZ: Yeah. 20 21 of Ms. Dunn's plate, I really am looking for a 21 And, just before I open it up, when we say, 22 discussion here. I really don't see how we 22 "It's not personal," I understand that statement. 23 continue this way for the next six months 23 Because, when I've been told it, I know it's 24 I think at the risk of losing leaders. 24 personal. 25 Because the reality is I fear we'll lose 25 I know, when you work late in the evening and

What I wanted to do was to show to you that there are really 7 Okay. So we'll move on to the financial 7 8 8 two pools of money through the voucher program. overview. 9 Vanessa, can you please introduce him? 9 There is the admin fee bucket, and then there is the HAP bucket. And they are treated as two 10 MS. DUNN: Yes. This is Mr. Anthony Palmer. 10 11 He is representing Kubas Keller. He will be 11 separate distinct funds and sources of money. on-site with us for the next three weeks (sic) 12 12 So, in total, the voucher program, 13 assisting our staff in accounting with day-to-day 13 according to the financials, is losing 2.2 million 14 and some training that's needed, as well, 14 dollars. That shouldn't be anything to worry 15 15 back there. about, in some cases, because that usually means 16 So happy to have him here, and he'll be 16 that we would have a surplus from the previous 17 preparing the financial statements until our help 17 year, that they're not funding us this much this -- until help arrives -- well, he is help. 18 18 year so that they can reduce what our surplus is 19 Help has arrived. 19 on hand. CHAIRWOMAN HOROVITZ: Three weeks? 20 20 And then, on the admin fee side, right now 21 Thank you. 21 we're making about \$704,000, which, again, 22 MR. PALMER: And I think that we'll also be 22 seems to be a little bit high, and, again, 23 helping in July, as well. 23 even with that, I'd like to also take a look at 24 MS. DUNN: Correct. Yes. So he'll be 24 some of those numbers and scrub through it and 25 providing support through August. 25 see, "Is everything recorded? Is everything Page 86 Page 88 recorded where it needs to be, et cetera?" CHAIRWOMAN HOROVITZ: Thank you, 1 1 2 and thank you for being here. When you look at the percentages, right, 2 3 MR. PALMER: Are there -- I hesitate to ask 3 actual versus where your target was supposed to 4 be, you can see both revenue and expenses are 4 this, but are there any other questions before we 5 5 get started on the financial stuff? much lower than where the target should be. 6 6 So, again, that would be something that (no response) MR. PALMER: Okay. So these are figures as 7 I would also like to get some more detail on, 7 8 of April through April, and, as you can see for 8 to see why it's so far off on that. 9 the Central Office Cost Center, we're fairly 9 CHAIRWOMAN HOROVITZ: And you're only 10 much on target making a small profit there in 10 comparing to budget, right, not comparing to last operating income of \$230,000. 11 11 12 MR. PALMER: That is correct. 12 Public housing, as well, seems to be --13 our revenue is a little bit higher than where we 13 CHAIRWOMAN HOROVITZ: All right. 14 should be. I would like to -- again, I haven't 14 MR. PALMER: This is just to the budget. 15 really reviewed a lot of the detail within these 15 I didn't compare the budget. So I don't know what 16 numbers. These were just printed from what is in 16 17 17 CHAIRWOMAN HOROVITZ: Right. the system as of a week ago. 18 So I do think that there is some scrubbing 18 So that variance is probably because you 19 that needs to happen to just validate these 19 don't -- you didn't find it well, right? 20 amounts. So, when I saw that, that raised a red 20 MR. PALMER: Very possible. 21 flag to me, that, "Hey, why is this so much higher 21 CHAIRWOMAN HOROVITZ: It probably would be than where we should be from a revenue 22 22 worthwhile -- not giving you advice -- if we look 23 standpoint?" 23 at what actuals were. 24 24 And, at the same point, in expenses, But that might also not be an important or 25 we seem to be a little bit lower than where we 25 useful use of your time, if we've got leadership

Page 89 Page 91 1 coming into finance. 1 that we need to do, again -- " as you said before, 2 We need to -- just let me just say this. 2 "-- to keep the ship afloat." 3 We just need to budget better. 3 Paying our bills. "Are we cashing our 4 That's not for you. 4 checks? Are we drawing down our subsidy? 5 5 And, at the same time, are we recording all of MR. PALMER: Yeah. I mean, you know, I'll be honest with you. 6 6 those things in the books, which hadn't been done 7 7 on a consistent basis in the past?" Every housing authority needs to budget better, 8 8 A lot of times stuff wasn't done until 9 9 It's one of those things that is often just somebody actually got a bank statement in the 10 10 kind of overlooked. 11 It's like, "Okay. Let me just throw a bunch 11 Okay? 12 of numbers on the piece of paper, and we'll see 12 And sometimes that didn't happen until or 13 where they stick." 13 two or three months after they got the bank 14 14 statement CHAIRWOMAN HOROVITZ: Yeah. Just for the So, while I look at these numbers and I want 15 15 team -- and I know this is not for you -to think they're good, I don't know that I have 16 16 we need to start budgeting in the next month 17 17 100-percent confidence in any of those numbers up 18 there. 18 Like, when we do planning at my organization 19 19 and everywhere, where it's months and months and 20 And that's not to say that they're wrong. 20 months, a number of iterations, and it needs to 21 They might not be, but, if I had to sign off on an 21 start more early so it can be more accurate. 22 audit, you ain't getting my signature on them. 22 MR. PALMER: Yeah. And that's certainly 23 All right? 23 something that I can work on and/or help the 24 So, you know, we're working on it. You know, 24 new CFO on. 25 I told the staff this morning, right, "It's not 25 CHAIRWOMAN HOROVITZ: Thank you. Page 90 Page 92 1 MS. DUNN: And you'll be working on the something that gets finished tomorrow or next week 1 2 audit. 2 or next month." 3 MR. PALMER: I know. 3 There's a lot of stuff that they need to also 4 CHAIRWOMAN HOROVITZ: I guess, what are the 4 still be -- in my opinion, that they still need to 5 highlights then? 5 be trained on. I don't feel like the previous 6 What's important for us to hear in this 6 regime really helped them along the way. 7 meeting right now? 7 They gave them this piece and that piece, 8 MR. PALMER: You want to know? 8 but they didn't tell them about this piece or 9 So, in my experience so far, we're behind. 9 that piece and how that corresponds to what's on 10 Okay. We're behind in a lot of things. There are 10 the trial balances. 11 entries for April and May that just haven't been 11 So it was very haphazard before. You know, 12 recorded. 12 I definitely brought it up to the prior CEO, 13 There are bank recs that aren't done. 13 and, you know, nothing had been done for a long 14 There is obviously now, with the departure of the 14 time. 15 CFO Deputy and whatever the third position was --15 But I'm not here to trample on anybody. 16 you know, there's nobody leading the team over 16 The fact of the matter is -- is that there is 17 there. 17 definitely a lot of work that needs to happen over 18 So now you have five or six staff 18 there, and, hopefully, I can get us moving along 19 accountants -- Accountant I and IIs -- whatever 19 that path and, you know, just get better numbers. 20 their titles are -- who, you know, are doing the 20 The thing I told them is, "You know, 21 best they can to get by. 21 it's accounting. It is always fixable." 22 And I met with them this morning, and I said, 22 Okay? 23 "Look. You know, that is the Number Two thing. 23 I have walked into better situations, 24 "The first thing is the audit. The second thing 24 and I have walked into worse situations. 25 is making sure day by day we are doing the things 25 And it's fixable, because we have third-party

Page 93 Page 95 1 documentation. 1 So I'll speak loudly. 2 Right? 2 CHAIRWOMAN HOROVITZ: Do you think that we 3 need to --We have bank statements. We have loan 3 (Commissioner Rogers was handed another 4 statements. We have invoices from clients or 4 5 5 microphone.) vendors that say, "This is what you owe us," COMMISSIONER ROGERS: I'm good. 6 and all that good stuff. 6 7 The bigest thing over there is procedures. 7 And I guess, Madam Chair, this question is 8 There is not a procedure for turning on the 8 probably to you or to Commissioner Reyes or 9 somebody --9 computer. 10 Right? 10 (People laughed.) COMMISSIONER ROGERS: -- I don't know --11 I mean there are no procedures. There is 11 12 nothing that says, "You do this. Then you do 12 are we in the right posture right now? 13 this, and you do that. And then you do this." 13 COMMISSIONER BROCK: Unh-unh. COMMISSIONER ROGERS: And the reason why 14 It's just do whatever you kind of want to do 14 15 and hopefully get to the answer. So that is 15 I ask that question -- and walk with me. 16 another area that needs to be -- and I think you 16 Don't get weary. I'm weary at listening to this, 17 guys have started to address procedures as an 17 but I guess hearing this and hearing that we're 18 agency. 18 getting ready to bring in a CFO where there is 19 I don't know how much it's been addressed so 19 so many issues going on, do we fix the ship in 20 far in accounting, but it was a free-for-all. 20 this interim instead of bringing someone in with 21 And, unfortunately, a lot of the free-for-all 21 chaos? 22 ended up being done by Dennis, and he didn't 22 I'm not -- based on what I'm hearing, 23 convey a lot of that information to the staff. 23 we got to fix it first, and we're bringing someone 24 I mean I've been -- you know, I go to 24 in to -- I guess I got several questions to 25 40 different housing authorities across the 25 Ms. Dunn. Page 94 Page 96 1 country a year. I couldn't tell you the last time 1 And I guess my questions to then Ms. Dunn ... 2 I saw a CFO make journal entries into the general 2 I don't think these things like me today 3 ledger. 3 (referred to microphone). COMMISSIONER WEATHERBY: Mine is flashing 4 And I'm not talking about one or two or, 4 5 you know, maybe something that was over everybody 5 red and green. 6 else's head. I'm talking about recording 6 CHAIRWOMAN HOROVITZ: I think the battery is 7 operating subsidy and its JV done by the CFO. 7 low then. 8 A lot of things just didn't make sense. 8 MS. MORRIS: We just replaced them. 9 So, you know, I'm trying not to upset the 9 COMMISSIONER ROGERS: The person that we're 10 apple cart and make things too crazy right away. 10 bringing in -- their experience level, and are 11 11 they a sitting CFO? I'm just trying to weather the storm and make 12 12 sure we're paying the people that need to get Or are they -- I guess I'm --13 13 paid, make sure we have enough money to pay MS. DUNN: He's a current CFO where he is. 14 checks and pay our employees and make sure things 14 COMMISSIONER ROGERS: And he's leaving 15 are getting posted to the right funds. 15 because of, what, to come here? 16 16 MS. DUNN: It's Florida. He's in Utah. You guys have different buckets of money that 17 come from different sources, and commingling 17 COMMISSIONER ROGERS: I am just asking. 18 18 those funds is a big, big no-no. And we've got to (People laughed.) 19 transfer some money to correct some of those 19 COMMISSIONER BROCK: That's a good question. 20 20 COMMISSIONER ROGERS: No. I'm just curious. things. 21 MS. DUNN: No. He would like to relocate. 21 Some of those things were not happening on a 22 COMMISSIONER ROGERS: Okay. 22 consistent basis. CHAIRWOMAN HOROVITZ: Thank you. 23 23 MS. DUNN: But, to your -- I just want you 24 Comissioner Rogers. 24 to know that every candidate that was interviewed 25 COMMISSIONER ROGERS: My mike is not working. 25 is fully aware of the situation coming into this

Page 97 Page 99 1 agency. 1 for me, I know -- or I feel like I know that 2 COMMISSIONER ROGERS: Okay. 2 nothing nefarious is going on in terms of our 3 financials. MS. DUNN: There was no glossing over what 3 4 was going on in this agency, and, in fact, 4 I don't believe we have any theft on some 5 we held a Teams meeting with him and the staff 5 grand scale where somebody has transferred 6 so that they can answer -- he can ask --6 hundreds and thousands of dollars out of our 7 answer questions from them and interact to 7 accounts. That kind of stuff was not happening. 8 8 determine what is happening. What was not happening is just like the 9 I did not want anyone to come into a 9 day-to-day work, where you had someone in a 10 situation under the guise of Jacksonville Housing 10 leadership role taking on the role of an 11 Authority is a high performer -- because we are on 11 Accountant II, where it was just not being 12 paper -- and walk through this door and find what 12 delegated, and staff was not being properly 13 you -- in complete transparency, I've been calling 13 trained. That was what was happening. 14 it the C & C Factory. Chaos and confusion --14 And the other part that I shared with the 15 walk into a situation where there is utter chaos 15 HUD rep was that I believe -- and this has been a 16 and confusion within a department and not have 16 conversation we've been having across the industry 17 been told after vou've relocated across the 17 -- that the way the housing authority is doing 18 country that this is, in fact, what you were 18 business now has outpaced the skill set of a lot 19 walking into. 19 of the CFOs. 20 He knows that we have outstanding bank 20 This is no longer traditional public housing 21 reconciliations. He knows that we're in the 21 where you book low-income public housing. 22 middle of an audit. He knows that the audits were 22 You receive your subsidy. You get your HCV. 23 behind. He knows that the board has been, 23 You book your subsidy. 24 as I told him, asking for transparency for months 24 We are now in the land of tax credits. 25 and not necessarily receiving that transparency. 25 RAD deals, affordable housing, and a lot of these Page 98 Page 100 I have been completely upfront with what is CFOs do not possess the necessary skill set to 1 1 2 happening within the Finance Department, navigate those waters. And what you end up having 2 3 and, if I may, I would like to offer --3 is somebody that's in over their head. 4 4 COMMISSIONER ROGERS: So, may I follow up. I know this is uncomfortable. I know it is 5 unsettling to hear what's happening in finance 5 CHAIRWOMAN HOROVITZ: (nodded head 6 -- but those that have been on the board a 6 7 little bit longer honestly shouldn't be surprised. 7 COMMISSIONER ROGERS: So the person we're 8 Because it has been bubbling under the surface for 8 bringing in -- you're confident that this person 9 a while. 9 can fulfill the role with all that we have going 10 And, if I may, we are in what I consider, 10 11 "the storming phase." 11 MS. And so, 13 out of rain." 13 through the Chair, I want to be clear leaving out 14 It's not going to be like this always. 14 of here with hearing as it relates to vendors, 15 and I believe bringing in someone with the 15 landlords, all that -- we are up to date with the 16 expertise that can work alongside Tony while he's 16 creditors, and everybody is paid? 17 17 here would be better than trying to fix it and However that works. I don't want to have a 18 18 news story that Jacksonville Housing Authority is then bring somebody on board. 19 If they're working from the ground up and can 19 not making payments to vendors and landlords and 20 prove their work, if you will, then this board 20 all the other people that we have. 21 will know that they have that KSA to lead that 21 So, can we -- I want to leave out of here at 22 22 department, because you know what that department least with some type of assurance that we're at 23 23 least up to date on that so nothing will come up was like when they walked through the door. 24

with our creditors.

MR. PALMER: Do you want that, or ...

And so, for me, like Tony said, I've seen

worse, and this isn't worse. Because, at least

Page 101 Page 103 1 But then my other question, Madam Chair, 1 Go ahead. 2 2 MS. DUNN: We're working through the HAP is to Ms. Dunn. 3 Ms. Dunn, the people that you have chosen to checks right now. We did receive notice from the 3 4 come here at the Jacksonville Housing --4 bank that there was a glitch in the remittance. 5 I hear you say that, "They check off all the 5 So we are working through that right now where 6 6 we have about \$8,000,000 that we're trying to boxes." 7 7 push through. Are they coming from large housing 8 MR. PALMER: So one of the issues with that 8 authorities or medium-sized or small? 9 9 is just, again, with the prior regime keeping a Do you know what size those housing 10 10 lot of that information close to the vest and not authorities are? 11 sharing it with others, we're getting some emails, 11 MS. DUNN: Salt Lake City Housing Authority 12 over the last week or so about, "Hey. I was 12 is considered large. 13 talking to Dennis about this. This payment hasn't 13 COMMISSIONER BROCK: Okay. 14 been made." 14 MS. DUNN: And the housing authority that the 15 You know, so we're now doing our due 15 young lady is coming from is consolidated 16 diligence to make sure, "Are we supposed to pay 16 government. So it's city, as well. 17 this? Is this the right amount, et cetera?" 17 So she has a little experience with the setup And some checks are being processed as we 18 18 that we have here. I'm not sure of the size of speak to cover that. So everything that we know 19 19 the agency, but she's the Number Two role. 20 that's in-house that is approved and good to be 20 But what I will say about a large housing paid is either getting paid or in the process of 21 21 authority versus a small housing authority is 22 getting paid. 22 folks that tend to come from smaller housing If there is something else out there, 23 23 authorities tend to know how to do all of it. I don't know. 24 24 CHAIRWOMAN HOROVITZ: Yes. They have to wear 25 I hope to get a better idea on what is out 25 multiple hats. Page 102 Page 104 1 there and what isn't out there. You know, MS. What's going on? 6 CHAIRWOMAN HOROVITZ: All right. I'm sorry. 7 COMMISSIONER BROCK: Thank you, Ms. Dunn. Who do we owe? What do we owe," trying to review 7 8 whatever we can to make sure that we can make 8 Thank you. 9 payments. 9 CHAIRWOMAN HOROVITZ: Sorry. 10 10 MS. DUNN: Yes. Did you have a question? 11 MR. It's not a matter of us 13 13 CHAIRWOMAN HOROVITZ: Yeah, yeah, yeah. not having cash to make those payments. 14 We've just got to make sure that we do our 14 COMMISSIONER REYES: Through the Chair to 15 Ms. Dunn. 15 due diligence before we just go ahead and pay 16 16 Mr. Palmer, I heard you say we have one to somebody. 17 two staff accountants? 17 CHAIRWOMAN HOROVITZ: Commissioner Brock, Or, how many accountants do we have? 18 18 did you have a question or comment? 19 MS. DUNN: He was saying, "Accountant I," 19 COMMISSIONER BROCK: Well, yes, Madam Chair. 20 Thank you. 20 "Accountant II." 21 That's their titles. 21 Just to echo what I had said earlier and then 22 MR. PALMER: That is their titles. 22 what Commissioner Rogers just said, that was one 23 COMMISSIONER REYES: Okay. 23 of my concerns, that our vendors are getting paid, 24 MS. DUNN: Yeah. But there's six of them 24 and, you know, we're doing what we supposed to do 25 for them. 25 back there.

11	MS. DUNN: That should have been posted.	11	COMMISSIONER REYES: Okay, okay. So I guess,
