And so I just I just wanted to bring it to the attention of the board, because I didn't know how we wanted to play that out. But I do understand, like Commissioner Weatherby said, that we might want to wait a few
16 17 18 19 20 21 22	COMMISSIONER WEATHERBY: I think also the fact that we unanimously voted to promote Ms. Dunn from COO to CEO and it was a unanimous vote for 12 months, that's sort of an evaluation by the board, if you know what I'm saying; although, we still want to follow proper procedure, obviously.	16 17 18 19 20 21 22	have given her in the position and in the role that she's acting in right now. And so I just I just wanted to bring it to the attention of the board, because I didn't know how we wanted to play that out. But I do understand, like Commissioner

I don't want us to go down this road and 17 improving the quality of the neighboorhood. 18 not do it fairly being that she is taking on two 18 Right? 19 positions at the same time. So I want to make 19 And so I believe all of the discussion ended 20 sure all of that is taken into consideration. 20 with, "We are not going to do that." 21 So, Madam Chair, I am in total support of 21 But the discussions that we're having now are 22 moving this discussion, if you will, to HR and 22 that we should revisit -- I'm asking the board to 23 consider revisiting some kind of agreement with having us discuss it and hash it out in HR working 23 24 through these challenges, especially having our 24 And we can debate if there is a financial 25 general counsel there, Mr. Wilson, to walk us 25 Page 42 Page 44 through making sure that we're doing everything 1 return, but I do believe that it's important to 2 within the legal realm of all of it. So, yes. have an agreement. And this kind of goes to, 2 3 CHAIRWOMAN HOROVITZ: Excellent. Thank you. 3 if you know the statement, "Policy over people." 4 So no other questions for the HR Committee? 4 5 (People laughed.) 5 So, if there is a commitment of the 6 CHAIRWOMAN HOROVITZ: I'll move on to the 6 organizations when people leave, as people will 7 acquisition committee update, and I will ask 7 leave, right -- we will leave -- that the 8 Mr. Peterson to come and give comments. 8 organizations are still committed to the purpose. 9 I'm sorry. You were going to decide which of 9 And so, even though everyone who's here now 10 you -- he looks very surprised. 10 agrees, "Yes. We're going to advance affordable 11 (People laughed.) 11 housing in Downtown East," 10 years from now, 12 CHAIRWOMAN HOROVITZ: I'll just share 12 15 years from now, when we're not here anymore, 13 comments. So, first, we have lots of things, 13 does the agency still have the commitment to 14 and we continue to move forward. Everyone knows 14 LIFT JAX and Eastside and vice versa? 15 that we own the Downtown East also known as, 15 So the thing that we need to start talking 16 "Franklin Arms Apartments." 16 about -- and we'll take to the acquisition meeting 17 17 So exploring how we'll finance the -- is what that agreement should look like. 18 What are we willing to give up? renovation, including putting in a low-income 18 19 19 If it's financial, how much are we willing to housing tax credit obligation, and I'll let invite them to the table to have a say? 20 Mr. Peterson speak to that. 20 21 I want to share with the board, though, 21 There have been various versions of this 22 22 agreement, and what we need to talk about is, just so we can start having discussion around our 23 23 partnership with LIFT JAX nonprofit. what are the things that we're willing to do and 24 24 what we have no interest in doing. So, as you recall, the LIFT JAX nonprofit 25 gifted the agency 1.5 million in funds, right, 25 So, opening that up for discussion,

	Page 45		Page 47
1	we don't have to make any decision today.	1	
2	We never have a chance to talk about these things.	2	I'm very interested in that project,
3	So any thoughts on anything I just shared?	3	and we did make a commitment to that community.

5	COMMISSIONER WEATHERBY: Well, I think it's a	5	and this agency together to hash out what needs to

12	CHAIRWOMAN HOROVITZ: Commissioner Brock.	12	(People laughed.)
13	COMMISSIONER BROCK: Yes. I was thinking	13	CHAIRWOMAN HOROVITZ: Reece, do I understand

21	Yeah, yeah. CHAIRWOMAN HOROVITZ: Thank you.	21	But it was a relatively simple and

Page 51 Page 49 CHAIRWOMAN HOROVITZ: And I think that we 1 1 order to get that deal done, but I'm more than 2 should look at -- and that was I think the JV 2 happy to support bringing them, having them 3 that we didn't get to that finish line. 3 present and give you the authority if that's the 4 And, in the final hour, we closed on the request of working with OGC, working with their 4 5 apartments, because we had a commitment to do so. 5 leadership and bringing something before this 6 I believe that both agencies bring value to 6 board 7 the relationship. We can accomplish more if we 7 CHAIRWOMAN HOROVITZ: And I don't know the 8 work together, and we talk about that a lot at the 8 right answer, and I think maybe it's even 9 9 board. workshopping. Because this really is a 10 These partnerships are going to allow us to 10 negotiation, and, for everyone's awareness, 11 further our impact with a greater reach and at a 11 I don't make decisions for this board on my own. 12 greater rate, and so they bring great value, 12 We do have conversations, and we all have 13 as well. I think we can accomplish a lot with the 13 conversations because we have to separately with 14 partnership. 14 each other, right, to move things forward. 15 How we value that financially -- we can 15 But everything comes back here, and so I 16 discuss that later, but I'd like to get everyone's 16 really do want this board's feedback in this 17 approval to have a conversation now with OGC and 17 negotiation. 18 engage with LIFT JAX to start drafting some kind 18 So it has to be a noticed meeting so we can 19 of agreement. 19 have some open discussion around, "Okay. Because I know there are things 24 Is everyone open to this? 24 that I don't want to give up, but, if I'm 25 COMMISSIONER WEATHERBY: (nodded head 25 out numbered, then maybe I have to. Page 50 Page 52 affirmatively) So I think let's move forward with having 1 2 CHAIRWOMAN HOROVITZ: We can give them that scheduled, if that's all right, but not in 2 3 15 minutes. 3 July. 4 COMMISSIONER BROCK: Yeah. (People laughed.) 4 5 COMMISSIONER ROGERS: Yeah. I'm in support 5 CHAIRWOMAN HOROVITZ: All right. 6 of that. 6 Mr. Peterson. 7 COMMISSIONER BROCK: Yeah. Me, too. 7 MR. PETERSON: All right. I guess I'll talk 8 COMMISSIONER ROGERS: I think there are some 8 about Franklin. 9 -- I guess, for me, just so I can wrap my head 9 CHAIRWOMAN HOROVITZ: Anything, Vanessa, 10 around it, it appears, Madam Chair -- and I don't 10 you would like to highlight for acquisition? 11 want to misspeak on this -- but it seems like 11 I know a lot of work has been happening 12 there is some conversations that's happening, 12 around our development. So whatever you would 13 not at this meeting, but behind the scenes, 13 like to share. 14 if you will, that need to come forward. 14 MR. PETERSON: All right. So we'll start 15 And I'm in support of that if that's what's 15 with Franklin. Franklin is currently tied to the 16 happening so that all parties are clear on where 16 RFQs that are coming in for architect and 17 we stand. 17 engineer. Those are all in. We had five 18 18 architects respond. We had five engineers Again, I recall the conversation with 19 Mr. Garfunkel -- I think that's who it was --19 20 when he came along when Former Chair Walker --20 Those are currently being evaluated, 21 and I think the deadline is June 27th, he sat in that seat -- that we were going to come 21 22 up with what those services looked like for 22 which is Thursday. 23 Franklin Arms and how that would look. 23 MS. DUNN: Correct. 24 And I know we went back and forth on that 24 MR. PETERSON: So, as of Thursday, 25 during that meeting and took some things out in 25 we'll rack and stack them. They will get scored

	Page 53		Page 55
1	1 through 5 on each side.	1	CHAIRWOMAN HOROVITZ: Got it. Thank you.
2	Then, once we select one or multiple,	2	So what I'm really getting to is,
3	we'll look at the packages on the architect side	3	if we did include the LIHTC experience being a
4	and try to focus on it. There is one or two	4	bonus in the RFQ if that was really necessary
5	architectural firms again, if they are the ones	5	if we're actually going to evaluate, because we
6	selected that has this LIHTC housing authority	6	think that that's valuable. So that that's going
7	type experience.	7	to be incorporated into the final score to make
8	And then we'll onboard them and then start	8	the selection, which sounds like you are.
9	our initial program meetings, meaning, what do we	9	MR. PETERSON: Yes. So one of the things we
10	want to see at this site from the standpoint of a	10	didn't want to do because, again, this is an

15	contract, and then they'll go to work.	15	So it's nice to have that good smorgasbord
16	CHAIRWOMAN HOROVITZ: Just because I'm	16	of different types of companies.
17	learning about our procurement policy as I go,	17	CHAIRWOMAN HOROVITZ: Are we looking at
18	when we put the RFQ, RFP	18	architect and developer or design-build?
19	MR. PETERSON: -Q.	19	MR. PETERSON: This is architect.
20	CHAIRWOMAN HOROVITZ: RFQ out,	20	Then we've got engineer, and then, for the
21	did we specify that the firm had to have LIHTC	21	construction, we'll do a CM, construction
22	experience?	22	management firm for the construction management.
23	MR. PETERSON: We did not.	23	CHAIRWOMAN HOROVITZ: Okay. Thank you.
23 24		24	And all of those are out?
24 25	CHAIRWOMAN HOROVITZ: Okay. I believe that we decided that that would be helpful.	25	MR. PETERSON: No developers.
25	we decided that that would be helpful.	-	·
	Page 54		Page 56
1	MR. PETERSON: Well, you know, typically,	1	CHAIRWOMAN HOROVITZ: Are all of those RFQs
2	when you get five architects, one is probably	2	out, or we're still
3	going to have that experience.	3	MR. PETERSON: The construction management is
4	Again, it's really about the commercial	4	not, because the construction management will be
5	building, and we still have CSG on board to help	5	specifically for Franklin Arms.
6	guide any truly design considerations when it	6	CHAIRWOMAN HOROVITZ: Thank you.
7	comes to LIHTC. But it's really the design of	7	Commissioner Brock, did you have a question?
8	that multistory building is what we really want	8	COMMISSIONER BROCK: No.
9	to focus on the capability to do that.	9	CHAIRWOMAN HOROVITZ: Thank you. Continue.
10	CHAIRWOMAN HOROVITZ: Sure. Thank you.	10	MR. PETERSON: All right. So any questions
11	When we talk about evaluating the RFQs,	11	on Franklin?
12	though, don't we have the requirement to accept	12	(no response)
13	the lowest bidder?	13	MR. PETERSON: All right. So
14	MR. PETERSON: No, ma'am.	14	CHAIRWOMAN HOROVITZ: Commissioner Rogers.
