## TIPS

Baking soda and water paste is a great, low-cost way to clean glass top stoves.

Make sure your air conditioner stays working great over the hot summer by washing the filters regularly. (Cuts down on dust too) See the office or maintenance if you need instruction on how to clean them.

Use a duster or damp rag to wipe off ceiling fan blades at least twice a year. (Cuts down on dust)

### **FEBRUARY DID YOU KNOW?**

**Warming or boiling Fabuloso or similar cleaning products on the stove can be hazardous to your health. Especially for those with breathing issues.**
